

IAIN TARRANT

Wangaratta, Victoria 3677 | M:0407 901 409 | iain@idt.net.au

Summary

All previous employment has been in a team environment, and I enjoy achieving team goals. I am quick to learn product information and part numbers, and like to keep a clean and neat workplace.

Highlights

- Organized
- Highly motivated
- Resourceful
- Always learning
- Problem Solver
- Competent with Microsoft office / LibreOffice
- Good computer troubleshooter

Experience

08/2020 to present

Worker

Wang Steel Supplies

Processing stock, organising orders, liaising with customers, answering the phone.

07/2018 to 08/2020

Truck Driver

Link Cold Storage - WangarattaVIC

Mainly night runs loading pigs out of Corowa into Melbourne in a refrigerated semi, with other runs in vans and medium rigid trucks to local stores etc as well.

07/2017 to 06/2018

Student

Charles Sturt University

Bachelor in Information Technology via distance learning specialising in Programming.

04/2008 to 11/2016

Sales

Wangaratta Bearings (WBAIS) - Wangaratta VIC

I was a valued member of Wangaratta Bearings for many years, where my responsibilities included sales, basic systems maintenance, graphic art (ad creation), maintenance of inventory systems and pricing.

09/2007 to 03/2008

Fabricator

Myrrhee Engineering - Myrrhee VIC

This was an in between job with a mate. We fabricated steel parts for Whitlands Engineering and Burder Materials Handling.

**01/2007 to
08/2007**

Site Foreman

Ryan & McNulty – Benalla VIC

Took a package to replace the last foreman and oversee the general mill running. Worked with customers and suppliers to achieve better efficiency throughout the process.

**04/2005 to
12/2006**

Sales

Retravisision – Wangaratta VIC

General sales and customer service. Took care of computer and phone sales, and was made a Telstra agent. Created semi automated ticketing system for POS signage and labelling.

**10/2001 to
03/2005**

Labourer / Office Worker

Ryan & McNulty – Benalla VIC

Started as a general labourer, soon became the youngest to have their own desk. Was given the responsibility of checking and entering all logs into computer system, invoicing out going orders and bringing banking into the 21st century. Was shown how to tally packs and promptly saw the time wasted in such a tedious task. Created a program to tally packs in a more time efficient manner and modified the computer system to work with the new method. Saved the company thousands in man hours.

**04/2000 to
09/2001**

Technician

Solectron – Wangaratta VIC

- Building and testing boards for stock picking systems
- Cleaning and repairing HP computers
- Packaging IBM computers
- Diagnosing and repairing IBM laptops

Education

1999

Year 12 High School Certificate

Wangaratta Secondary College

VCE studies included

- Specialist Maths
- Maths Methods
- English
- Outdoor Education
- Chemistry
- Accounting

Extra Curricular Activities

Through various side jobs and at home ventures I have achieved or learnt the following:

- Python programming
- Linux server creation and administration
- Cloud server creation and administration
- Email server creation and administration
- Media server management
- File server management
- Different OS integration (Windows, Android, iOS and Linux on the same network)
- Web server creation and maintenance
- Web page creation and maintenance
- Basic DNS configuration and forwarding
- 3D modelling and 3D printing
